COURSE DESCRIPTION: This course will explore the political, social, and economic development of Alabama, with concern, as well, for the interaction between Alabama and the remainder of the United States.

PREREQUISITE: none

TEXT REQUIRED: Rogers, Alabama-The History of a Deep South State; (see Huntingdon College booklist for edition and ISBN)

COURSE LEARNING OUTCOMES:
The objectives of this course are to help the student:

- To identify the persons who have played leading roles in the history of Alabama.
- To understand the events and issues that shaped the political, economic, and social development of Alabama.
- To see the currents of both change and continuity in the unfolding of this history of Alabama.
- To correctly relate Alabama, her history, and her people to the other peoples and states in the region and the nation.

Course Learning Outcomes:
Upon completion of this course, the student will:

- have a basic understanding of the persons and events that make up the history of Alabama
- understand something of the progression of Alabama history through the chronological eras of her history, with all their attending problems and issues
- realize continuing problems and challenges as well as recognize eras and events of change in Alabama history
- be able to compare and contrast Alabama and her development with that of other states in the region and nation

COURSE ASSIGNMENTS & GRADING CRITERIA:
Weekly Module Question Sheets: attached to this syllabus are four Module Question Sheets, one of which is due at each of the first four class meetings. Students are to carefully read the assigned pages in the text for each module and are to clearly and completely, in writing, answer all questions on the corresponding Question Sheet. Students are required to provide a copy of their completed weekly Module Question
Sheets to the instructor at the beginning of each class. I will use these copies for grading and comments, and will return them the following week. This work will serve not only to easily demonstrate that a student has read and comprehended the text material for each week, but also to focus the student’s attention on that which is most closely related to the objectives and outcomes already outlined for the course. The questions may also serve as the basis for class review and discussion of weekly material, augmented by the instructor’s lectures, and they may, as well, be used as review guides and possible questions for the final exam. Each Question Sheet will be 10% of the total course grade, making the four sheets worth 40% of the final score. This assures that students who consistently and regularly complete their course work will be rewarded for their diligence.

**Class Project:** Each student will prepare a written research paper of 6 to 10 pages, and a 15-minute oral presentation for the class as a whole on the paper. Possible topics include, but are not limited to biographical explorations of key political, military, religious, social, economic, and literary figures of Alabama history or discussion and analysis of political, social, and military events and subjects with great bearing on the history of Alabama. Students are required to get instructor approval for their class project topics by the second week of class.

Other possible topics include the examination of some local (city, county, or family) historical personality or event of particular interest to the student, provided the event or personality played a significant role in the development of Alabama’s history on some level. Should the student choose to write a research paper on a topic that is “close to home” and utilize as primary materials such persons and records not often used in typical research papers, he or she should get instructor approval for their topic by the second week of class.

Students will give their oral presentation the night on the paper is due.

Students are required to follow the Chicago Style in the construction of their papers and comprehensive bibliographies. The instructor will provide a basic style sheet for footnotes and bibliographies for papers and additional guidance for class presentations on the first night of class.

**Final exam:** There will be one in-class exam given the last class period. Questions may come from class lectures, discussion, and the Module Question Sheets. The Exam counts 25% of the class grade. A comprehensive final exam of 25 multiple-choice, fill-in the blank, and discussion questions will be given during the last night of the class.

ATTENDANCE POLICY:

Absences and Tardiness – All students are required to attend the first session. Those who do not attend the first session will be automatically dropped from the course. Students with more than one absence will receive an "F" for the course. Since this class meets only five times, missing a single class meeting is equivalent to missing three weeks of a regular term. If you cannot attend a class you must let the instructor know via email as soon as possible. In case of absences you are responsible for obtaining all handouts and assignments. Tardiness may result in a deduction in your class participation grade. Excessive tardiness may count as an absence.

Participation – Participation is not the same as attendance. Participation requires students to come to class prepared to actively participate, which makes the classroom experience more meaningful. However, participation is not just speaking out in class. The contributions made by the student should be related to the course content and meaningful to the class discussion.

Late Assignments – Explain whether late assignments will be accepted and what penalty might be imposed if the assignment is late. Also specify what assignments can be turned in late. This will allow the student to make informed decisions.

Accommodation of Special Needs - Huntingdon College makes every reasonable accommodation for disabilities that have been processed and approved through our Disability Services Committee in accord with the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. In order to request disability-related services at Huntingdon College, students must self-identify to the Disabilities Intake Coordinator, Camilla Irvin, and provide appropriate and up-to-date documentation to verify their disability or special needs. After the accommodations have been approved by the Disability Services Committee, the 504 Coordinator, Dr. Lisa Olenik Dorman, will notify your professor(s) of the committee’s decision. If you have any questions regarding reasonable accommodation or need to request disability-related services, please contact Disability Services at (334) 833-4577 or e-mail at disabilityservices@huntingdon.edu.

Academic Honesty – Plagiarism is literary theft. Failure to cite the author of any language or of any ideas which are not your own creation is plagiarism. This includes any text you might paraphrase, as well. Anyone is capable of searching the Internet or any printed media; your research paper is intended to broaden your knowledge, stimulate your creativity, and make you think, analyze, and learn. It is not consistent with the College Honor Code, nor with scholarly expectations to submit work which is not the product of your own thinking and research. Severe penalties will result upon the submission of any work found to be plagiarized, including potential failure of the entire course. It is easy and simple to properly cite all sources used in your paper. Take no risks – cite your sources.
First Night Assignment -
