The Leadership Initiative is an interactive leadership experience geared to assist Huntingdon College students in reaching their full potential during their college years and beyond. Whether through attendance at seminars on numerous leadership topics, self-management education, an etiquette series, community service projects, luncheons featuring influential guest speakers, or off-campus retreats, The Leadership Initiative allows students to analyze their current skill set while developing new skills to enhance their leadership abilities.

The Leadership Initiative events are open to the entire student body, however to receive recognition for the completion of The Leadership Initiative, one must apply to be a part of the select 50 seat group of Initiative participants.

Applicants who are accepted for membership into the Initiative are required to attend 6 leadership education programs in order to meet the requirements for recognition at the spring 2015 Awards Convocation.

If you are interested in participation, please fill out an application. Applications are due to Lauren Hobbs, Director of Leadership and Greek Life, in the Hut 107 by Friday, August 29, 2014 at 4:00p.m.

The 2014-2015 Initiative schedule of events will be released to selected student participants. The Initiative hosts five or more events each semester. Students may also receive Initiative credit for organizing a community service event and seeing it to fruition. Leadership orientation will be September 15th at 7:00pm in Smith Recital Hall.
Applications are due to the Director of Leadership and Greek Life (The Hut 107) by Friday, August 29, 2014 at 4:00p.m. Applicants selected for participation will be notified via email and will receive a detailed event schedule.
