**GRADE POINT EQUIVALENTS** - Describe the point range for each letter grade.

A = 90-100  
B = 80-89  
C = 70-79  
D = 60-69  
F = 59-below

**ATTENDANCE POLICY:**

Absences and Tardiness – All students are required to attend the first session. Those who do not attend the first session will be automatically dropped from the course. Students with more than one absence will receive an "F" for the course. Since this class meets only five times, missing a single class meeting is equivalent to missing three weeks of a regular term. If you cannot attend a class you must let the instructor know via email as soon as possible. In case of absences you are responsible for obtaining all handouts and assignments. Tardiness may result in a deduction in your class participation grade. Excessive tardiness may count as an absence.

Participation – Participation is not the same as attendance. Participation requires students to come to class prepared to actively participate, which makes the classroom experience more meaningful. However, participation is not just speaking out in class. The contributions made by the student should be related to the course content and meaningful to the class discussion.

Late Assignments – Late assignments are **NOT** accepted unless under extreme emergency situations.

Accommodation of Special Needs- Huntingdon College makes every reasonable accommodation for disabilities that have been processed and approved through our Disability Services Committee in accord with the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. In order to request disability-related services at Huntingdon College, students must self-identify to the Disabilities Intake Coordinator, Camilla Irvin, and provide appropriate and up-to-date documentation to verify their disability or special needs. After the accommodations have been approved by the Disability Services Committee, the 504 Coordinator, Dr. Lisa Olenik Dorman, will notify your professor(s) of the committee’s decision. If you have any questions regarding reasonable accommodation or need to request disability-related services, please contact Disability Services at (334) 833-4577 or e-mail at disabilityservices@huntingdon.edu.
**Academic Honesty** – Plagiarism is literary theft. Failure to cite the author of any language or of any ideas which are not your own creation is plagiarism. This includes any text you might paraphrase, as well. Anyone is capable of searching the Internet or any printed media; your research paper is intended to broaden your knowledge, stimulate your creativity, and make you think, analyze, and learn. It is not consistent with the College Honor Code, nor with scholarly expectations to submit work which is not the product of your own thinking and research. Severe penalties will result upon the submission of any work found to be plagiarized, including potential failure of the entire course. It is easy and simple to properly cite all sources used in your paper. Take no risks – cite your sources.

Health care in the USA Paper

You have been approached by President Obama to be an advisor over the US Universal Health Care System. The committee that you are on is requesting that you compare one country that has universal health care system to the current US health care system and determine which aspects of the foreign country’s health care system you think we should implement in the US. In order to avoid duplication, we will negotiate your selection of a foreign country.

This will be presented as an 8 page minimum (Double spaced; Times New Roman; 12 font; 1” margins). Sources should be cited in APA format.

Your general outline should include
  1. General description of the US health care system
  2. General description of the foreign country’s health care system
  3. A recommendation of changes that should be made in the US health care system that you think have proven to be successful and important in the foreign health care system that you think the US health care system should implement.

You are welcome to use any sources that you wish, but you need to have at least 3 sources that are from peer-reviewed journals (We will discuss what those are in class)

You will be graded on:
  - Quality of the work
  - Grammar and Composition
  - Ability to stick with basic paper requirements
  - Creativity
  - Organization

You should use as much information from what you learn in the class.
